MEMORANDUM FOR: Executive Director, NPIC

THROUGH : Chief, Imagery Exploitation Group, NPIC *JP*

25X1 SUBJECT : Request for Updates of our Color Book

25X1 1. Updating the book is now possible since we received today a formal requirement with project number from PPBS/RAD. However, agreement was obtained from 11 September to forward updates from a given mission only when at least 6-10 items were available for publication. At present, we have only one item and this will be held until more individual items are available. We would hope to receive additional items from the current mission to warrant publishing an update.

25X1 2. We were ready to prepare the update in June but were informed through RAD that no requirement existed. This misunderstanding has been resolved.
